Dear Finalist,

The **attachment** is for your website, or marketing materials.

Again, Congratulations. Being a Finalist in the "CBTA" will accelerate your efforts in or with China. If you are one of the two winners you will receive a logo that says *Winner*. But, for now, a Finalist. Let me know if you have questions.

A press release will be broadcasted out widely from next Monday in Chinese and English. You may also share this news on your LinkedIn or other networks and alert your network that you will be at Aquatech in late May.

See logo below.

Regards,

John
